Dell Technologies Powers Real Transformation And Innovation

At Dell Technologies, our purpose is to drive human progress through greater access to better technology, for people with big ideas around the world. Our success is a function of more profound, more meaningful engagements with our partners. By working together, we will continue to help organizations and individuals build their digital future and transform how they work and live. And we're very grateful for the trust that you place in us.

With revenues of \$91 billion and 157,000 team members, Dell Technologies is one of the world's largest IT companies serving the needs of global corporations and governments to small businesses and consumers. Our partners have access to the industry's most innovative technology and services portfolio spanning from edge to core to cloud and truly extraordinary, world-class partner programs. Dell Technologies is the one partner that can offer customers every kind of technology solution and service needed to take their business to the next level. And the one after that.

Congratulations to Michael, Joyce, Jeff, Cheryl, Marius, Rohit, Pat and Jenni for this prestigious honor and thanks to our partners for delivering exceptional solutions to our collective customers. Together, we are achieving amazing results and transforming businesses.
